[redacted] says each of the SPIA Seminar speakers feels that his verbal presentation did not differ from the original study sufficiently to warrant <sup>its</sup> editing.

Therefore, he has agreed to do, at once:

1. Check with each speaker and ask him to edit such parts of his presentation as are added to the report.
2. Provide copies of slides which were not included in the report.
3. Edit the remarks made during the question period.
4. Answer the questions put in the letter.
